

# HELP STOP the ZEBRA MUSSEL

## Watercraft

*You can protect your boats/engines by:*

- ◆ Inspecting routinely.
- ◆ Rinsing/High pressure washing with hot water between put-ins
- ◆ Removing any mussels and disposing in trash.
- ◆ Thoroughly drying equipment 5 days or more in the hot sun.

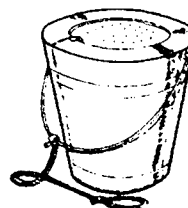

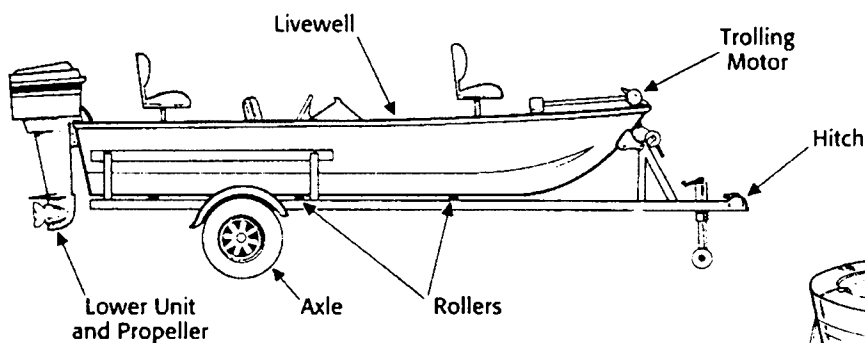

1/2 inch  
Zebra Mussel

## Bait Bucket

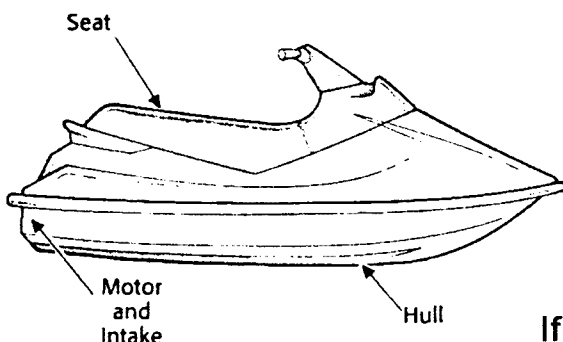

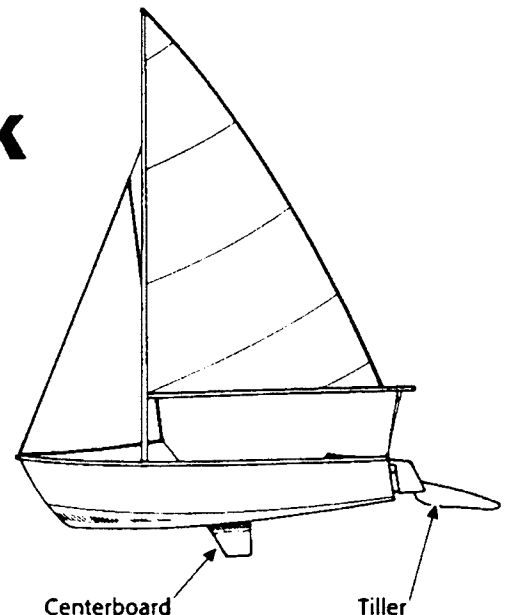

*You can prevent spreading by:*

- ◆ Emptying bait bucket on shore far from the water.
- ◆ Not taking bait from one body of water to another.

## Where to Look

Bait Bucket
